Dear Peter and Mark,

In regards to our prior conversation, my advisor Sergei is confident Donald had this election tied up if you can ensure that undecided American's Facebook feed's gravitate toward pro Trump content. Can you both ensure this is the case?

Best,  
Vladimir

Dear Vladimir and Mark,

Consider it done, right after our meeting at Mar a Lago I asked Mark if he could alter the algorithm to show posts containing the words "Trump", "Hillary for Prison", "Crooked Hillary" at 1000% the standard rate. Mark pulled through, and come January, Operation 1600 Pennsylvania will be complete.

Regards,  
Peter
